non binary gender identities examines how non binary people discover adopt and negotiate

language in a variety of social settings both offline and online it considers how language in the form of gender neutral pronouns names and labels is a central aspect of identity for many and has been the subject of much debate in recent years cordoba captures the psychological social and linguistic experiences of non binary people by illustrating the multiple complex and evolving ways in which non binary people use language to express their gender identities bodies authenticity and navigate social interactions especially those where their identities are not affirmed these findings shed light on the gender and linguistic becomings of non binary people a pioneering theoretical framework developed in the book which reflects the dynamic realities of language subjectivities and the materiality of the body informed by these findings the text offers recommendations for policy makers and practitioners designed to facilitate gender related communication and decrease language related distress on non binary people as well as the general population this important book advances our understanding of non binary gender identities by employing innovative methodologies including corpus based research and network visualisation furthering and developing theory and yielding original insights it is essential reading for students and academics in social psychology and gender studies as well as anyone interested in furthering their understanding of non binary gender identities

how do russian and czech nonbinary people use language to construct their identity this question has hardly been addressed so far so this volume describes and analyzes the identity driven linguistic variation of russian and czech nonbinary speakers if a linguistic feature indexes the gender binary in the standard variety then a nonbinary speaker who desires to express their gender identity in interaction employs an alternative that lacks this feature to perform and thus linguistically construct nonbinary identity this hypothesis is investigated using a triangulation of quantitative and qualitative methods banking on data from corpora and surveys among the most relevant practices that have emerged are the overt introduction of gender identity labels as well as pronouns and or chosen agreement patterns into discourse the alternation of gender agreement patterns and the use of plural endings with singular meaning

the routledge companion to gender and childhood brings together scholars practitioners and activists to explore the diversity of children s gender identities expressions and embodiments across historical geographical and cultural contexts this volume investigates how historical

institutional and cultural forces have shaped children's relationship to gender the pivotal role children have played in the construction of gendered categories as well as children's responses to these forces and constructions the book is divided into six sections responding to gendered histories and presents of policing pathologization and trauma images of and imaginings for trans non binary and queer youth's futures global perspectives on training and assimilating future citizens gender development in material and digital cultures shifting and persisting gendered representations in cultural landscapes and approaching issues of gender and childhood from adult perspectives considering the multiplicity of gendered childhoods alongside the intense preoccupation with children's relationship to gender across a range of fields that span the globe the routledge companion to gender and childhood will be an essential resource for students of social sciences humanities and stem

this book provides a comprehensive and comparative overview of current research and desiderata related to the use of gender inclusive language across 14 major european languages it also addresses minority languages and foreign language teaching methodologically the book innovatively bridges linguistics applied linguistics multilingual communication translation studies modern languages and psychology it has the potential to become essential reading for researchers and educators in linguistics translation modern language studies and applied linguistics as well as for policymakers and language professionals navigating the challenges of inclusive communication in a multilingual world

the spirit of freedom offers accessible useful and life affirming theology rooted in quaker spirituality and biblical wisdom collecting together short and inspiring essays on speaking of god worshiping god and being god's witnesses in the world this book offers a spacious and relevant quaker theology from a christian perspective it is an excellent companion piece to mark russ's first book quaker shaped christianity
